

Packaging details for PEHA: Pentaethylenhexamine

UN Classification: 2735

| Available Packaging Bulk | Net Weight |
|--------------------------|------------|
| Bulk | NA |
| Steel Drum | 205 kg |
| 4 Steel Drums on pallet | 820 kg |
| RIBC | 950 kg |

Bulk net weight is depending on means of transport and ship to location.

Our bulk shipments could be carried by tank trucks or in bulk tank containers, both by road and rail.

Our steel drums are tested by the independent Dutch Technology Institute [TNO](#).

All our pallets are Heat Treated in line with the most recent ISPM norm of the FAO.

Our RIBC are from Schütz and are subject to their global return system i.e. TICKET SERVICE, for more info see their internet page [Schütz Ticket Service](#).

All our carriers are selected and rated on their total performance and are required to have ISO 9001 and SQAS certification.
